

## Our services for you:

We are one of the few companies to offer a full service for your components including subsequent testing and DNV's or Lloyd's approval. Our service-portfolio includes cylinders or pumps for steering gears, pumps and gear-boxes for winches and cranes, deck systems and main engines.

Thanks to our extensive spare parts warehouse, which stocks original spare parts from Bosch Rexroth, Linde, Parker, Danfoss, Hägglunds etc., we can act independently from the manufacturer and complete repairs as fast as possible.

### Our areas of application:

Error-detection

Component-repair

Gearbox-checks and adjustments  
(inspection by Lloyd and DNV approval)

We repair and test hydraulic units from stepless tractor and construction machinery transmissions for you.

Your partner for hydraulic technology

## Working all over northern Germany for you:

Our partner in northern Germany.

Our headoffice is located in the south of Hamburg, our partner sites are located all over northern Germany. That's the reason why we are able to operate all throughout northern Germany at short notice. We meet our high-quality standards and benefit from our large stock of spare parts.

### Our partners are located in:

- ▼ Rostock (ZIP 18055)
- ▼ Upahl (ZIP 23936)
- ▼ Neukloster (ZIP 23992)
- ▼ Neubrandenburg (ZIP 17033)
- ▼ Brunsbüttel (ZIP 25541)
- ▼ Elmshorn (ZIP 25335)

## Our full-service- package for you:

Thanks to our own Bosch-Rexroth and ZF testing rigs, we are able to test your transmission and hydraulic components (up to 1.000 ccm) according to manufacturers' quality standards.

Our own Bosch-Rexroth test benches fulfil the highest quality standards.

### Services:

- ▼ Gearboxes
- ▼ Axial pistons units
- ▼ Pumps
- ▼ Test rigs
- ▼ Spare parts
- ▼ Oil-Service

### Applications:

- ▼ Winches
- ▼ Rowing rigs
- ▼ Hatch cover
- ▼ Van carrier
- ▼ Boat cranes

## Many Years of expertise and high quality standards :

Quality and expertise in the hydraulic transmission sector – that is what Pokrandt Hydraulikservice GmbH has been standing for since 1984. At our 1.700 sqm location in Hamburg, a highly qualified team works for our national and international customers, whom we supply with mobile hydraulics, axial piston units, oil motors and transmissions from leading manufacturers.

We know that a trouble-free operation of the systems is essential for your company. That's why we provide you with prompt and reliable expert testing, maintenance and repair of hydraulic machines and systems.

As certified Bosch-Rexroth service partner, we repair the systems according to the manufacturer's standards and meet the highest quality standards for all other manufacturers.
